Well I got a girl who lives up on the hill
Well I got a girl who lives up on the hill
Sometimes she won't, sometimes I think she will

You got to shake your moneymaker,
Shake your moneymaker
Shake your moneymaker
Shake your moneymaker
Shake your moneymaker

Well I love you baby, tell you the reason why
Well I love you baby, tell you the reason why
Every time you leave me, I go lay down and die

You got to shake your moneymaker,
Shake your moneymaker
Shake your moneymaker
Shake your moneymaker
Shake your moneymaker

[Guitar riffs]

Well go on baby, go on back to school
Well go on baby, go on back to school
Well your momma told me, you're nothin' but a fool

You got to shake your moneymaker,
Shake your moneymaker
Shake your moneymaker
Shake your moneymaker
Shake your moneymaker

[One more time!]

You got to shake your moneymaker,
Shake your moneymaker
Shake your moneymaker
Shake your moneymaker
Shake your moneymaker
