Don't say  
Don't say  
What we never do  
Don't say what we never do

All day  
All day  
I think it's me and you  
All day, you think it's me and youuu

What do you think that you do for me  
What do you think you do for me ya  
What do you think that you do for me  
What do you think you do for me  
Your story set in stone  
Your something to be hold  
You never should have shown  
What you have and what you don't oh no  
Tell ooh  
Ooohhh ooh ooohhh x2

Don't wait  
Don't wait  
Some things never stick  
Don't wait some things never stick

Too late  
Too late  
Wonder why I split  
Too late you wonder why I split

What do you think that you do for me  
What do you think you do for me ya  
What do you think that you do for me  
What do you think you do for me  
Your story set in stone  
Your something to be hold  
You never should have shown  
What you have and what you don't oh no  
Tell ooh

What do you think that you do for me  
What do you think you do for me ya  
What do you think that you do for me  
What do you think you do for me  
Your story set in stone  
Your something to be hold  
Never should have shown  
What you have and what you don't oh on  
Tell oooh  
Oh no
