I got down, I got busted  
I got a big hole in my heart  
I can never be trusted  
I'm unstable, I got no place to start.

I got mean, I got loud, and I fell off a cloud in the  
middle of a carousel  
I got down I got busted  
And I blew it all to hell.

I got a bad reputation  
Got a bad way of getting what I get  
I'm a train leaving station  
Full of whiskey and cigarettes.

I got mean, I got loud, and I fell off a cloud in the  
middle of a carousel  
I got down, I got busted, and I blew it all to hell. All to  
hell!

I've been dragged, drugged, and beaten  
Oh, I can hardly stand  
But all that I've suffered  
Has been at my own hand.
