[Warslut/Bullet Eater]

Come taste the blood and the
Fear of the Prey as it
Falls to the Jaws of the Beast
Come feel the Rushing of
Senses and Blood as it
courses and allows you to be

[Chorus:]

A Predator

Predator

Predator

Come tear the Shackles of
Thought from our minds and be
Rid of this anxious Disease
Beware the burning
The lie that is turning
your eyes
From Necessity...

BEAST!

[Chorus:]

Predator

Predator

Predator

A body change
A mental frame
Another phase
The Fire
The Desire
To Live
The Will
The Steel
In Breeds...PREDATION!
