Look what you've done  
Won't you look at me, just this once?  
So take it and sit back  
And I'll forfeit what we had

And I will give it back to you

Yeah, I will give it back to you

Just give me a little love  
The little promises  
For what it's worth  
So take it and sit back  
I have nothing of what I had

And I will give it back to you

And I will give it back to you (x2)

What do you want me to say?

I will give it (x2)  
I will give it back to you  
(I will give it)  
I'm gonna give it back to you

What do you want me to say?  
I will give it I will give it  
You want me the first time I touched you?  
You want to feel that again? (x2)

I will give it back to you...  
I'm gonna give it back to you...
