Please don't go
I can change
I don't trust
What's his name
We can measure out
We can arrange
Without finesse
At close range

And it's not okay, I'm not okay
He's stealing you away

Now that he is gone
What did you guys talk about?
Tell me what you need
I've rehearsed the litany of
"Buy a new car, get a new job,
Find a new place to live in"
Do I have a choice? What is the point,
Darling, if I am losing you?

Now we're offstage
Can I ask you
To disengage?
Was it that weekend
When I had to work?
And you saw your friend
And the lines blurred

And it's not okay, I'm not okay
He's stealing you away

Now that he is gone
What did you guys talk about?
Tell me what you need
I've rehearsed the litany of
"Go to the pub, have a nice drink,
Talk to your favourite barman"
Do I have a choice? What is the point,
Darling, if I am losing you?

And now that he is gone
What did you guys talk about?
Tell me what you need
I've rehearsed the litany
And God knows I'm wrong

Tell me what you want
Tell me what you talked about
Tell me what you need
How will you ever do without me?
Buy a new car, get a new job,
Find a new place to live in
Do I have a choice? What is the point,
Darling, if I am losing you?
