"Stadium Anthem"

This is our debut
Our swansong too
And from up here it's a beautiful view
Let's lock it up
And shut it down
But let the last chord resound
And we're throwing out all the clothes
The season is over, and so it goes
Raise your hand, if you oppose
And as we're counting up the votes
It's plain to see that

This is where it ends, we disembark
But when the lights come on, we're right back at the
start
And oh, the band are gonna play our favourite song
And it's an anthem, it's a stadium anthem

So I'll meet you at Scar
In ten years' time
You know it survived the Camden Fire?
So go off and explore, but listen for daybreak
These are the mistakes amateurs make
Hold your trophies high
And your worry low
And never choose the well-trodden road
It only leads home

This is where it ends, we disembark
But when the lights come on, we're right back at the
start
And oh, the band are gonna play our favourite song
And it's an anthem, it's a stadium anthem
But look where we are

Look where we are

This is where it ends, we disembark
But when the lights come on, we're right back at the
start
And oh, the band are gonna play our favourite song

And it's an anthem, it's a stadium anthem
But look where we are
