Jump out this next world
Is gone overground
That sky is ecstasy dancin'
My child my woman
My daughter my son
Together planning to party
Just wait for me
Out in the street
Teakbois in everywhere
Dancing with you
We're coming thru
Somehow we'll all be there
This time is surely
Come once and for all
We've waited so now
We are ready
Be quick be ready
Be sure and be smart
No need the energy wasted
I've dreamed of music
That comes from the heart
As tho' the eagle has landed
Just wait for me
Out in the street
Teakbois is everywhere
Dancing with you
We're coming thru
Everyone will be there
She smiles my mind
Is just blown I can't stop
No time is better than now
I wake up everyday

Before the sun is coming up
Bobby Dread and the kool running
The fish to catch
The sea to swim
They say I gotta life
To live
Bobby Dread and the kool running
My music is my only witness

To my very soul
Bobby Dread and the kool running
So when you need me
All you have to do is help me
Lose control
Bobby Dread and the kool running
They say the world's a stage
So let me play for you and you and you
Bobby Dread and the kool running
It's all I ever in my life
I really wanted
To sing and do
Bobby Dread and the kool running
We form a group a simple name
A secret harmony like
Bobby Dread and the kool running
We write our songs
We symphonise
Some people say they like us
Bobby Dread and the kool running
This summer you couldn't get it
