Mc Ricky D
Okay party people in the house
This is the original grand wizard
Of Slick Rick
Somethin' funky push that in 'em Ricky D

Is it a custom, to what? to provoke out a hostile apostle
And make him smack the coke out your nostril
Bap, the butter cat at gutter rappin' and I'm all man
Whatever gotta happen gotta happen

Boy don't make me put my grown man shoe in you
And I'm sorry father, for any wrongdoin' doin' you
'Cause dogs barkin' and the girl sigh
Here to present myself as the sparkle of the world's
eye

Picture I, where Spice Girls chick arrived
England, January 14th, six-five
While you scream out brannyville
You old ass rapper! you got it, but can he still

Sever, in other words, rap more clever
Like no other younger rapper walkin' could ever?
Apparently I done this, on this
Stunned his behind, out the way of who reign, I run this

Hurry up, run
Run, run, run, r-r-run
Hurry up, run
(Out the way of who reign, I run this)
Run, run, r-r-run
(Stop the world kid, brin' it home slick)
Run, r-r-run run, r-r-run

Are, you, ready? Run
The fact is, mack caught cable in an actress
And really is the black clark gable of the rap biz
Racists reactin', hastin' for action
The motherfucker got exquisite taste for a black man

What you never know? all clothes come off a hoe

Ever see me with my jewels and toast from off of mo??
Past where handsome measures
Like the whole entire rat pack, and some precious

And chartable, such a big spark I pull
Nuns even say, that motherfucker?s remarkable
And aliens who came to earth gatherin'
Great gosh the man has soul, we must have him

Like a catastrophe, there isn?t none after me
Liz will throw away her walker and run after me
Snatch crowns, done this, on this
Stunned his behind, out the way of who reign, I run this

Hurry up, run
Run, run, run, r-r-run
Hurry up, run
(Out the way of who reign, I run this)
Run, r-r-run as we go run, r-r-run
Run, r-r-run as we go run, r-r-run
Run, r-r-run as we go run, r-r-run
(As we go a little somethin' like this, hit it)

Up hastings, crew downfaced and lose
Either one way or the other, foundation choose
Although the prune I kick, I didn?t come to wound a sick
child
Hit a lost world, actin' like a lunatic

Who provoke 'til a heard of smoke
Forced good men to pull out and start to murder folk
Tired of the basement placed in
Take responsibility for your action as a race then

Instead of put cheer in our bone, paperhood promote
Negativity, and fear in our own neighborhood
Since royalty breed to be
And I puts small seed where small seed need to be

Like an angel tend to fly as, mention I as
I didn?t make the laws, but they make sense to my ass
While waitin' for the world end, won this
Stunned his behind, out the way of who reign, I run this

Hurry up, run
(See what I mean kid?)
(That patch-eyed motherfucker run this)
Run, run, run, r-r-run
Hurry up, run
(I run this)

Run, r-r-run, run, r-r-run
Run, r-r-run, run, r-r-run
Run, r-r-run, run, r-r-run
(Are, you, ready? Run)
Run thisss

Hurry up, run
Run, run, run, r-r-run
Hurry up, run
(Yeah, baby, slick rick)
(1999, 2000, the whole damn thin' kid it?s all mine)
(Go away)
