Back in the day, we slow kiss
And man, I did search for an interior motive
'Cuz all your look is sound hype
I wanna see if you're worthwhile, settlin' down type

God knows there's bigger
So, observe to see if you gon' sweat the next nigga
Oh, help me make green light furriers
You know in life you can't race around with no
worthless

So continue the sequel
You weighed in the scale and we lived as free people
Then disagree and erupted too
I don't feel my standards are being lived up to

So erection conquers, I ran out
Went and had sex in Yonkers
God knows that flakin', jerkin' her and not the replace
Great is lookin' for

I thought you didn't love and didn't need
(Lay, hey, hey)
I thought you said forever to decease
(Lay, hey, hey)

I swore you were dishonest, do you believe?
(Lay, hey, hey)
I'll search this world forever, are you real?
(Lay, hey, hey)

Low is my time of honor
Friend material and not that type of barner
So myself out of chump
Would the problems with having worth that type of
jump

Commitment, rig, act cruddy
And regardless, move made and back studyin'
Still screamin', thrown and elegance
Grown, don't play, growned intelligence

Fix what bother and another
If speed's not made, once again, who gonna suffer?
Stubborn fools came, the mule came
Over here wit a girl from the old school name

Though hit and all though back's about wit
Memories and that's about it 'cuz

'Cuz, I thought you didn't love and didn't need
(Lay, hey, hey)
I thought you said forever to decease
(Lay, hey, hey)

I swore you were dishonest, do you believe?
(Lay, hey, hey)
I'll search this world forever, are you real?
(Lay, hey, hey)

And uneasiness kept here
Even after we made this big giant step here
Womanhood, somewhere in the basement
Slowin' down again, so I'm lookin 'a replacement

Music poundin' a slow jam
Wit a girl knowin' and down wit the program
Although the honey aim style king
Wit a took broom and taimin' the wild thing

Loud, uneasiness brought out
Still tried to shove my tongue down the bushy broad
mouth
Speedin', chasin' after vaccine
Tried to string along but I didn't have the patience

Learned from cussin' and confusion
Breakin' Commandments wasn't a solution
Though a few minor clicks in relationship
Still time to fix things

'Cuz, I thought you didn't love and didn't need
(Lay, hey, hey)
I thought you said forever to decease
(Lay, hey, hey)

I swore you were dishonest, do you believe?
(Lay, hey, hey)
I'll search this world forever, are you real?
(Lay, hey, hey)

'Cuz, I thought you didn't love and didn't need
(Lay, hey, hey)

I thought you said forever to decease
(Lay, hey, hey)

I swore you were dishonest, do you believe?
(Lay, hey, hey)
I'll search this world forever, are you real?
(Lay, hey, hey)
