No ordinary life (life [?x])

No ordinary life

I have been working day and night
With friday on my mind
Refuse to give it up
Time after time
In my weekend paradise
My dreams will come alive
I'm fighting for my right
Time after time
I'm out of control
I'm letting it go
Addicted to music
And I want it all
So what the fuck?
I just wanna get high
It's like ecstasy
No ordinary life (life [?x]) [3x]
[2x]

No ordinary life (life [?x]) [3x]

No ordinary life
