[Cameron]

I just want to see you smile.
I need it, I need it.

[Dan]

I need it more than ever now

[Cameron]

But my hear said that was a lie.
Defeated, Defeated

[Dan]

But I will never just back down

[Cameron]

Desolate, waste of time.
Marry Me, Nevermind
I adore, you I hate
Stay with me, go away

[Dan]

Like a ship without a sail
Well I'm just waiting.
Waiting for this tide to turn
And I don't know exactly,
Where I'm going to right now

And will you just come back to bed today
Forget about the past, it's all okay
Just let it go, just let it go
There's only one thing, I wanted you to know.

I never said I just want to be friends.
Well I guess we can smile,
And we will just pretend.
I never said I just want to be friends.
Well I guess we can smile,
And we will just pretend.

[Cameron]

Should I stand here like a ghost?

Or knock the picture, Make myself known?
I have no love, I don't fear death.
I guess I'm not trying my best
And I cannot decide.
This is clearly not black and white.
Why do people always complicate?
Problems aren't just 2 plus 2 today

[Dan]
And I guess I'll give it a try,
Or else I'll always wonder why.
At least a no is better than nothing

[Cameron]
Desolate, waste of time.
Marry Me, Nevermind
I adore, you I hate
Stay with me, go away

[Dan]
Like a ship without a sail
Well I'm just waiting.
Waiting for this tide to turn
And I don't know exactly,
Where I'm going to right now

[Cameron]
Desolate, waste of time.
