This is the truth, you win, you spend, you lose.  
Falling apart, the pain won't let you choose

It's in your head just like I said  
I can pretend, but things is not the same no more

Blow me and run  
Cause I swear I will break your heart  
I'm just like, pollution  
I'm not a soldier but battle sons we're scum  
So-so blow me and run

Chaos and fire when love expires on you  
Purple collides with the stars and the lies and you  
bruise

It's in my head just like they said  
Chaos and fire when love expires on you again

Blow me and run  
Cause I swear I will break your heart  
I'm just like, pollution  
I'm not a soldier but battle sons we're scum  
So-so blow me and run  
Baby leave me I'll give you scars  
Cause I'm messed up, a loser  
I'm not a soldier but battle sons we're scum  
So-so blow me and run  
So-so blow me and run

Promises, promises is nothing I can keep  
You should walk away from me, you should turn around  
and leave

Blow me and run  
Cause I swear I will break your heart  
I'm just like, pollution  
I'm not a soldier but battle sons we're scum  
So-so blow me and run  
Baby leave me I'll give you scars  
Cause I'm messed up, a loser

I'm not a soldier but battle sons we're scum  
So-so blow me and run  
So-so blow me and run  
So-so blow me and run
