When I hit the club x2

What to do to get you to believe me
When I say that I love you girl
How to prove that I do what I do
Cause I want you to love my foul
Am I gonna do anything
To make your heart stop beating for me
Should we relay in dark
You need to know
When I hit the club x2
Am gonna die for you
When I hit the club x2
Am gonna die for you
When I hit the club x2
Am gonna die for you
Telling me how to leave
To get please cause I want you to feel that I care
If you think about me
Honestly if you do I do
