He first one there when I was lost
He was there to help me out
And all this time you tried so hard
Not hard enough

It's something you feel
It'll help you understand

I feel it beat inside my soul
Like a pounding knock at the door
Heavy pressure in my head
Your word remains when I'm dead

Melody, energy
Your wisdom follows me
When I feel
I'm in need, I see your truth

It's something you feel
It'll help you understand

I feel it beat inside my soul
Like a pounding knock at the door
Heavy pressure in my head
Your word remains when I'm dead
