It's Friday night, you want to hang out with your friends
'Cause you've had it up to here
School just started and you wonder to yourself
"Where did my summer go?"

But it will be all right tonight, it's Friday night
Let's go, let's all have some fun tonight
All right, here we go, here we go tonight

It's Monday again and it feels like it never ends
Where did your life go? Did you forget what it was like?
This week is way too slow, it'll never end, when will it
go?

You've made it through the week and now you feel just
fine
There'll be no nervous breakdown tonight

It's Friday night, let's go
Let's all have some fun tonight
All right, here we go, here we go tonight

It doesn't matter where we go or what we do
Let's just do it now, go to the Gas N Sip
And hang out there all night, it'll be all right
