Kicked in the head again  
Today why do I have to be like this?  
I've wasted so much time just wondering  
What it is and if it's right?  
Does it have to hurt so much to fight?

With failure chasing at my feet  
I will not be afraid to dream  
My hopes been loss so many times  
I think I'm gonna lose my mind  
How many times before I get it right?

Once again, what can I do?  
I'm so sick of missing you  
Down this road I've been before  
All I want is to live for more

Lying in bed awake at night  
When will I ever fall asleep?  
Yet I can't seem to find the rhyme  
To help me finish up this line  
How many times before I get it right?

Once again, what can I do?  
I'm so sick of missing you  
Down this road I've been before  
All I want is to live for more

I won't lie down for what I know is right  
I bet it happened, one, too many times  
Constant pressure ringing in my mind  
We'll be silent tonight

Once again, what can I do?  
I'm so sick of missing you  
Down this road I've been before  
All I want is to live for more

Once again, what can I do?  
I'm so sick of missing you  
Down this road I've been before  
All I want is to live for more
