In this room, it's cold and dark
It feels like me, I'm far from home
In this town there is no one
The lamp is low, when can I go home?

All I can do, is hold on to what I have
Why did it change, I liked it how it was?
I'm without you, the world spins without me
Without your smile, it takes a while
Nothing has changed
I wish you were here with me

I can't wait until the next time
That you'll be here by my side
Is there anything I can do?
Give me a call, I love you

All I can do, is hold on to what I have
Why did it change, I liked it how it was?
I'm without you, the world spins without me
Without your smile, it takes a while
Nothing has changed
I wish you were here with me

Why did it change, I liked it how it was?
I'm without you, the world spins without me
Without your smile, it takes a while
I miss you, I wish you were here with me
