Sit silent a thousand nights
Wait for the city to come alight
Wait for someone to take control
Wait for silence to take its toll

Read a warning across the sky
Just the future demystified
Don't care about what it might say
When only I can decide my way

And I
Don't believe we'll ever die
And I
You and I, we're butterflies

Can't escape this feeling
Dawn till dusk daydreaming
Can't escape this feeling
Dawn till dusk daydreaming
Oh no

Another morning feeling sore
Shadows shelter us no more
To light the fire we need a spark
Or close our eyes and wait for dark

Sit silent another night
Wait for the city to come alight
Wait for someone to lose control
Wait for silence to lose its hold

And I
Don't believe we'll ever die
And I
You and I, we're butterflies

Can't escape this feeling
Dawn till dusk daydreaming
Can't escape this feeling
Dawn till dusk daydreaming
Oh no

We can't control it
But we can distort it
Time after our time

Can't escape this feeling
Dawn till dusk daydreaming
Can't escape this feeling
Dawn till dusk daydreaming
Oh no
