

Conquistadors, The "Started a Fire"

Hear me now
The time has come to explain
To spell it out
Confession takes its place

Once crowned a king
Blessed with all that I craved
Within a blink
I cast it all away

It slipped away
Just slipped away from me
(From) my hands
A double dare
A double dare gone wrong
Too far

I need to know
I need a way to be saved
Father please
Forget me not in your prayers

Point out a psalm
A verse of calm to explain
My loss
To find a way
Back to a peaceful heart
My heart

I started a fire
To see it just burn all
I thought would remain
And I could not handle
Its power to dismantle
The bridges I've made
I started a fire
Now see it just burn all
I thought would be saved
To put out a fire
Despite my desires
I need some help
