It's a quiet night, she was dressed in white
But I knew it wouldn't last for long
The color didn't fit the way I feel
So now its time
So get on your back, I'll pour some wax
Let's light the fire back into our lives

There's nobody home tonight€!..

Break out and take it on the floor
So I can turn you on and give you all the things you
want
(All the things we're not supposed to do)
Guess what, I'm leaving it to you
So you can take me on and feel the touch you can't
deny
(Feel the touch and rush you can't deny)

Does it feel alright, cause we'll go all night
And I'll try to make this good for you
I'll tie you down to set the mood
And I'm sure (yea I'm sure) that this could be (this
could be)
The one night you have to let it out
So take it in and scream out loud for me

There's nobody home tonight€!

Break out and take it on the floor
So I can turn you on and give you all the things you
want
(All the things we're not supposed to do)
Guess what, I'm leaving it to you
So you can take me on and feel the touch you can't
deny
(Feel the touch and rush you can't deny)

Like Paul said why don't we do it in the road?
In the pool, on the couch, in your best friend's bed
Hit the tap, fill a cup and we'll do it again
And yeh I know it's wrong, but is it so wrong?

To feel this strong about the nights we won't remember

There's no one home, hit the lights

Break out and take it on the floor

So I can turn you on and give you all the things you
want

(All the things we're not supposed to do)

Guess what, I'm leaving it to you

So you can take me on and feel the touch you can't
deny

(Feel the touch and rush you can't deny)
