Sunday mornin calls my name, when it rains
Memories of you, yah I remember em all when it rains
Your old tshirts still hangin around, coffee just brewed I
can still smell it now, when it rains... When it rains

C:

So rain on me... rain on down
Rain so hard the sun can't fight the clouds... Rain on

Force of habit, I can't turn it off like the rain
Like a strike of lightnin, I'll keep on fighting, like the
rain
Your memory keeps on Beatin Â me down, but I'll keep
comin back around like the rain, oh like the rain

C:

So rain on me... rain on down
Rain so hard the sun can't fight the clouds... Rain on

Still got that flag from when they shipped you back in
the rain
Proud of all the lives you saved, I'll keep talking to this
grave where you lay, in the rain, oh in the rain

C:

So rain on me... rain on down
Rain so hard the sun can't fight the clouds...
Won't you rain on me... Rain on down
Rain so hard the sun can't fight the clouds
Rain on me, rain on me, rain on

Like a strike of lightning I'll keep on fightin like the rain
