When Life put her finger on you  
You can say: "shut up"  
and to the univer stop  
When you cry and when you can't prove  
You try to find try but you have none  
When you loose and when you're confuse  
nobody help you nobody care for you  
Forget the bad time forget that's right  
Right here and...

smiling and laughing  
just try to hide what is your life  
laughing and smile  
you just try to make like... and lie

When Life put her finger on me  
I try to say stop but people don't understand  
i'm just me just living in my dream  
but maybe they're jealous 'cause they haven't got  
When i'm in peace and serenity my mother's suicid  
come and break all  
And daddy left home now i'm alone  
right here and...

smiling and laughing  
just try to hide what is your life  
laughing and smile

you just try to make like and try to

To take a new way  
But i will stay in my fairy tell nothing over my shoulder  
I'm not going to cry for us i don't wanna apologize  
you can go ahead that's right!  
you can go ahead that's right!  
you can go ahead that's right!  
you can go ahead that's right!

When Life When Life  
When Life put her finger on me  
I try to say stop
