[Intro]

You changed the game I like your thug style

[verse 1]

Hey you it's me turn the music down
so you can hear my invitation la la la la la la la, la la
now what I want you to do is come thru
to the crib right now without hesitation
la la la la la la, la la so don't ask me what I want
'cause I want you to hurry up and get over
here and see me act just like you need me
hurry, hurry, hurry, got 10 minutes?
tick tock, where ya at? lookin at my clock
it's about that time knock, knock there you is
I've been waitin' on you for a long, long time
baby don't stop, stop don't mind if you make me hot
hot 'cause I'm gonna keep your love on lock, lock, lock
oh oh yeah, oh, yeah

[hook]

You changed the game I like your thug style
when I'm around you always make me smile
always so exciting come on don't deny me
oh oh, let's take our time, oh oh let's do it right
