One word to operation chaos:
insectivorous.
I'm learning to survive on earthworms and houseflies.
I'm learning to survive,
No hunting dog will drag me out.
I'm learning to survive.

A stir simple bastard,
Cold blooded sympathiser
No chaos agent will drag me out.

One word to operation chaos:
insectivorous.
I'm learning to survive on earthworms and houseflies.

I'm learning to survive.
I'm learning to survive.
