Let it rock, baby  
Just feel it for a second, come on  
I am rockin' this  
Come on, come on, come on

Tell me why you here tonight?  
Are you lookin' for someone to do you right?  
I see you standin' by yourself, and I had to step  
Before somebody else came up to you

So I approached you on the wall  
I started of by sayin' beautiful  
And then I saw that you already had man  
'Cause I noticed the ring on your hand

So I thought to myself, slow it down  
'Cause I don't want it to get the best of me  
But I am startin' to get closer now  
'Cause I am feelin' that this might be destiny

And I am dancin' with you though it's wrong  
And I can't help but notice you feelin' it  
And it's really no use holdin' out  
'Cause I know it's that good love you need I can give it  
to you baby

If it's good love you need, I give good lovin'  
How it's supposed to be, all night and it won't slow  
down  
If it's good love you need, I give good lovin'  
How it's supposed to be, all night and it won't slow  
down

Imagine if you came with me  
And imagine all the things we can do  
Me and you, can make it work so easily  
Baby I can see it in the way you move, the way you  
move

I get it from the way you dip  
From the way you bitin' on your bottom lip

I know you want it 'cause even though you gotta a man  
You still takin' me by the hand

So I thought to myself slow it down  
'Cause I don't want it to get the best of me  
But I am startin' to get closer now  
'Cause I am feelin' like this might be destiny

And I am dancin' with you though it's wrong  
And I can't help but notice you feelin' it  
And there's really no use you holdin' out  
'Cause I know it's that good love you need I can give it  
to you

If it's good love you need, I give good lovin'  
How it's supposed to be, all the way and it won't slow  
down  
If it's good love you need, I give good lovin'  
How it's supposed to be, all night and it won't slow  
down

I got that good love  
You ain't heard of me by now, well you should've  
What you been under a rock or you're just outta touch  
I know you work, go to school and don't get out as  
much

So if you let me baby, I'ma let you what's good  
A TV with HD wouldn't show as good  
I got that foggin' up the windows in the back of Jeeps  
Yeah, I wake that thing up, and put it back to sleep

You put it back to sleep? That's what I said right?  
They do it wrong baby, come get your head right  
And I think everybody know what Biggie said right?  
If it's right is on tonight like headlights  
And I don't slow down not even for red lights

You can't stop this G double O D  
We can both try to fight it like [Incomprehensible]  
But you need this Loso in case you ain't know so  
Slim, take us outta here

If it's good love you need, I give good lovin'  
How it's supposed to be, all night and it won't slow  
down  
If it's good love you need, I give good lovin'  
How it's supposed to be, all night and it won't slow  
down

Slow down, slow down and it won't slow down

Slow down, slow down and it won't slow down  
Slow down, slow down and it won't slow down  
Slow down

If it's good love you need, I give good lovin'  
How it's supposed to be and it won't slow down  
If it's good love you need, I give good lovin'  
How it's supposed to be, all night and it won't slow  
down

Good love, let me give it to you  
Good love
