[Da Brat](Tyrese}

Oh look out, oh huh come on

What'cha like a whole lot of

(Tyrese yeah)

What'cha like a mediola?

(What'cha like?)

What'cha like?

(Can you tell me baby?)

All night long

(All night long)

I like 'em brown, yellow

Puerto Rican or Haitian with

Good conversation plenty big faces

It's a must I stay luxurious

Jewelry cut precision like I bust

Been with it since Funkdafied blew up

It's evident shit I can't be touched

Niggas say I'm too much I trust its true

Why lie? See for yourself when I slide through

Drive by your big say

Don't look, you do

Shine so bright in wind you too

You wish boo boo could ride with you tonight

Ain't nothing in the world that Brat can't do

She attractive to them him, her, and you shit

Frostbit, December Unrestricted

Drop dead, the cost is priceless

Due to the content I suggest you like this

1 - [Tyrese]

What do you like?

A whole lot of foreplay

Right before you get started

What do you like?

Me on top

You on the bottom, tight body

What do you like?

Somebody that can make you say

Wow oh wow, all night long

All night long, tell me

[Da Brat]

What's up? The setting a hot ass club

And you still be sweating me

I don't see nothing with giving a little love

But nigga just let me breathe

Damn you cute as hell so let's switch the digits

Then I got to leave

And you can buy me a couple of drinks  
But I'mma go socialize and smoke my weed  
And I like it when you keep your eyes on me  
And I like it when you touch my privates see  
And I like it sex and ecstasy  
When the belt buckle loosen up undress me  
Already juiced up that come naturally  
Wax on and off so romantically  
No woman can slow dance or throw
