We could do this

We could get paid

Whats up?

The caper its all on paper

I got the blueprint bout to put a dent in the industry

assembly rob and finagles

which way you wanna be strangled

collectin cash get yo ass tangled up

in full fledge fatigues

military speed (unified to you read)

I'm at the old hotel

where we used to inhale

my dreams fly things this is how we got things

I'm twisted like licorice

I fiend for the cris(?)

between my fingers, I wish

like Skee Lo ridin shot gun

I'm on 1, (on 2) jump out the car (what we do)

just hit the door 3, 4 everybody on the floor

talkin to my drivers K-Bar

her car getaway say Alex Baldwin

we rap stars we are

the one who starts to show before it begins

(be alarmed) the car's in front of the bank I'm goin in

(Chorus)

This is a raid everybody lay down but hey

Now give up the cash dont make us have to blast

This is a raid everybody lay down but hey

This is a hold up, ya hands should go up

This is a raid

Time for the heist, jump out the plane

skydivin on the block, ready or not, strap on my glock

synchronized watch, here comes me high parachuting
down

through the rooftop like drop zone, I'm stoned

next snap elbows like legos

blood clot stops circulation, drown security to the floor

ya know, dumpin em in a row like dominos, fo sho, fo
sho

Takin everything, first parachuting right door I'm lootin

dont make a move, cuz ya know I'm shootin

grabbin on stacks, loadin up backpacks

crackin open the safe, I'm hittin boughts from the back

hella hella, I'm ya new ready teller

are you in a job, there ain't no goodfella

in this mob, makin whats throb, while heads spin

but in about five seconds the mission will end

(Chorus)

This is a raid everybody lay down but hey

Now give up the cash dont make us have to blast

This is a raid everybody lay down but hey

This is a hold up, ya hands should go up

This is a raid

We lost the way to getaway

in the getaway car

so get back capture rapture before I splat ya

up against the wall, ah nah

we see a road block, flock

cuz I'm a ridah like Tupac

I got the steerin wheel

and Jah Skill peel caps

out the window of the coupe Deville uphill

but still the case ups dust and dirt flies

its sick of do or die got a shooter on my thigh

we high, gotta evade the escapade

option 1 was deleted, option 2 I must complete it

out to raid, your whole sector

squeeze ya for ya nector

won't let ya catch me

Westside dippin we unified

Westside dippin we unified

Westside dippin we unified

Westside dippin we unified

(Chorus)

This is a raid everybody lay down but hey

Now give up the cash dont make us have to blast

This is a raid everybody lay down but hey

This is a hold up, ya hands should go up

This is a raid

We missed the robbing like empty lobbies

the security start attacking (yeah, yeah)

know what happened

Neb-Luv, she caught a slug

couple red, dead

teaching the spread

cuz he shot Knee-Hi in the head

(where the bread)

in my backpack, in my bra, my drawls

I'm stuffed like Santa Claus and Biggie Smalls

come blind (give me mine)

lets enter the airline

with swiftness, quickness we runnin out of time

(Chorus) x2

This is a raid everybody lay down but hey

Now give up the cash dont make us have to blast

This is a raid everybody lay down but hey

This is a hold up, ya hands should go up

This is a raid
