[Killah Priest]  
Representin (represent)  
Life (life)  
The Prodigal Sunn  
Universal (Universal)  
Mind (mind)

In the Dark Castle, shackles, move as centaurs with  
axles  
Dark pethic castles, till my mind pass through  
worlds, I see black rain, those who got slain in the crack  
game  
Brothers are chained, a mother's pain  
Blood stains flood the sewer drains, a prosecuter  
named  
Craved from semen, starved in precincts  
Starved dillingents, frequent, kept indescent  
The clothes, old bath robes is cold  
Wrath and cigarette ash, you niggaz try to fed cash  
Figurin who at last, the prison, no wisdom  
Left for the victims, stalk like a vulture  
Prey upon the culture, ultra rays blaze through the  
windows  
I heard the voices when the wind blows  
The voices of the dead souls, carried away by the black  
crow

[Chorus: Akhenaton]  
sentinelle sur les remparts  
hero  
de la guerre des (?)  
mais sombre du noir chateau (x2)  
sentinelle sur les remparts  
du noir chateau  
du noir chateau  
du noir chateau (x2)

[Universal]  
As I release this masterpiece  
Prodigal Sunn, Killah Priest, the Iron Sheik from the East  
You see the only solution is to rewrite the constitution

and bring truth to this confusion  
My pen scroll with scrimmages, got niggaz evacuatin  
the premises  
Claimin they seein images  
So, focus, I be pocus, but the dopest shit  
4 pores or more, I move it like some coke shit  
So knowledge my wisdom, I write all night to improve  
my journalism  
They scared to come within my prisms  
I drop jewels that rule all rap duels  
My Thai-holic expressed through my adult groove

[Chorus]

[Prodigal Sunn]

Yo, I own a 5 with the mental mind  
Never die die, cave or climb to write rhymes  
There's no escape or sign, I realize the game define  
Remain active, ready for combat, romanced by the  
stacks  
Wrapped in black, '92 did a bid for pushin guns and  
crack  
Live in the drug rap like Styles  
Soldier fanatic, smoke a CD, trees fly from the attic  
Streets of panic infested with transit  
Black, Hispanics invade the planet with the code of  
mathematics  
Tigers is measured, flows is ventillated with acid  
Fuck a faggot, you get blunt smacked like the last kid  
Smothered with plastic, get burnt like elastic  
I represents from the cradle to the casket

[Akhenaton]

au garde Ã vous devant le drapeau  
Le 14 (?) de fierte  
qui celebrait les droits de l'homme blanc, riche  
3 fois, plongÃ© dans les niveaux des tÃ©nebres  
le soir siÃ¨ge  
devant la citadelle  
le frÃ¨re s'Ã©lÃ¨ve  
devant le ghetto  
prince sans terre  
un sombre hÃ©ros  
bourreaux des blaireaux  
seigneur du donjon du noir chateau  
que Dieu bÃ©nisse la lame de mon cimenterre  
qu'il frappe juste  
au (?) du pervers des (?)

[Shurik'n]

bienvenue dans le devaste land:

bouteille cassée, cyclo bruler  
centre sociale pas vraiment terminée  
peintures, façades remaquillées  
pour masquer la pauvreté  
au cas où le touriste ne sera pas prêt  
voiture de police, travail absent  
embrouille au feu vert  
terrasse pleine  
un bon resto de poisson face à la mer  
sombre description de l'empire  
qui est le mien  
le noir chateau demeure enviolée  
les gens sont ses gardiens

[Chorus]
