All these lonely girls wanna come, it's O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.  
Keep callin' me and beggin' me and blowin' me up, it's  
O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.

My game, slicker than slow tongue, get yo' main hoe  
sprung  
Chokin' on my blowgun, she swallowed all my bubble  
gum  
Said it was so yum yum, all off in her tum tum  
Playboy you think dumb dumb, now what?  
Last night, I was in them guts, a young playa cut yo'  
what?  
She was tryin' to get a nut and we gon' meet back at  
the hut, come on

All these lonely girls wanna come, it's O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.  
Keep callin' me and beggin' me and blowin' me up, it's  
O.K., it's O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.

A-town, late nights, I'm off in 112, posted up as usual  
downstairs  
With a couple of clydesdales sippin' zippindale  
Got a sack of good, take a whiff, inhale, blaze up, hate  
to ball and bail  
Got some late cut, she sure now how to shake her tail  
The way I hit it, make her wanna break up and leave her  
man, make up  
And cheat again, caked her, lay low, comfort inn,  
tucked her in  
Next week she said she'll bring a friend, come on

All these lonely girls wanna come, it's O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.

Keep callin' me and beggin' me and blowin' me up, it's  
O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.

Said I love my man, man man man  
We got our ups and downs and I'll get lonely and, and  
and and  
Wanna move, move to someone  
Who might understand, stand stand stand  
How to make a girl feel like Alice in wonderland,  
wonderland  
Wonderin', wonderin' if she can home with guilt on her  
mind  
Really all she truly wants to know is that she still fine  
After they do better, better tell her, 'fo another fella  
Better, get, sit sit, shit shit, spit spit, hit hit

All these lonely girls wanna come, it's O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.  
Keep callin' me and beggin' me and blowin' me up, it's  
O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.

All these lonely girls wanna come, it's O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.  
Keep callin' me and beggin' me and blowin' me up, it's  
O.K.  
That's alright girl, that's O.K.  
That's alright girl, that's O.K.
