New game, true flame, spit, spark and sizzle
Stepped up approached clam, spoke start to chisel
Hit her with the punch line guess she caught the riddle
Cause I'm off to the Lake House to tickle her middle
I gotta fun pack, a hundred sack, look like skittle
Pop two, let's screw now she's gobbling vittles
Whip cream, cherries, nuts, and a pickle, shit
Me I'm burning one why she blowing the fiddle
That's point game, point blank range wit yo' bitch
Let my nuts hang then I point aim for yo' shit
Pop lip then I point thangs and pull quick
Out the back door, Mr. Chop Sticks wit yo' bitch

You snooze I creep behind the tint grippin grain
One rule, that's freak now she off the chain
Whirlpool no sleep, girl you can't hang
It's like, chicks, flicks and a six
Of some purple drank and purple dank
It's like tits, licks now we in the mix trying to have fun
I got one big cup and two big blunts and the party's just
