Skate around the hood on purple fluids rolling grains  
and folds and stacking cheddar  
I'ma do this shit forever man, I can't stop  
Doing it, I won't stop, doing it  
I can't stop, doing it, I won't stop, doing it

Skate around the hood on purple fluids rolling grains  
and folds and stacking cheddar  
I'ma do this shit forever man, I can't stop  
Doing it, I won't stop, doing it  
I can't stop, doing it, I won't stop, doing it

I'm rolling in high, still smoking,  
Leaning still pouring  
Damn they passed out, but my niggers still rolling  
Holding one up in my hand, about to go out  
And got too fucked up,  
That's why I get for trying to show  
I light it, blow some more like I can get higher  
Got a pine of that purple and a o of some fire  
Skating through the hood, trying to see what's good  
Drop flipping, tipping from 44 to the woods  
H time, do it like no other  
If you come from where I'm from,  
You have to be a hussler  
That's why I gotta take time to celebrate  
Fuck it, pour up a  
Keep the kush lit in this bitch  
And I always been rich, I always ride clean  
Sometimes you gotta take time and enjoy the dream  
So I lean a little smoke a lot, bring them super pokers at  
Let them see me shine,  
Show boys I'm on my grind

Skate around the hood on purple fluids rolling grains  
and folds and stacking cheddar  
I'ma do this shit forever man, I can't stop  
Doing it, I won't stop, doing it  
I can't stop, doing it, I won't stop, doing it

Skate around the hood on purple fluids rolling grains

and folds and stacking cheddar  
I'ma do this shit forever man, I can't stop  
Doing it, I won't stop, doing it  
I can't stop, doing it, I won't stop, doing it

In deep that rari, I got too much on my mind  
Leave it girl I'm so sorry, we'll make up some other  
time  
Bitches wanna grind on me cause I stay on my grind  
They don't come over to kick it, they come over to climb  
Trees, marijuana, leaves, eyes, low, I turn my on  
Man this my retro stunting hoes wanna kiss on it  
I let your girl sit on it  
I pack my hood and showcase that va the interstate, 75  
chevies in a row

Skate around the hood on purple fluids rolling grains  
and folds and stacking cheddar  
I'ma do this shit forever man, I can't stop  
Doing it, I won't stop, doing it  
I can't stop, doing it, I won't stop, doing it

Skate around the hood on purple fluids rolling grains  
and folds and stacking cheddar  
I'ma do this shit forever man, I can't stop  
Doing it, I won't stop, doing it  
I can't stop, doing it, I won't stop, doing it

Never, I'ma do this shit forever  
Keep them lines clever  
Keep getting better  
Told my hood I was gonna make it  
Even if I had to take it  
Money falling like leaves, need to Addicted to get ,  
Shake it and keep the bitches naked  
And keep a nigger good eating good and a baken  
Taking time to let it relax my mind, hit it two more times  
Now I am in my own zone, wishing I was at home  
With a fine yellow bone, giving super dome  
I can't stop till we sitting at the top  
And the only thing gonna drop is the top on my drop.
