You're my favorite bitch, you're my favorite bitch  
You're my, you're my, you're my  
Pussy so good, good, hair so right, so right  
Go on come on over baby, let's spend the night, yeah,  
yeah  
This girl's so bad, that ass so nice, so nice, nice  
She make a player like me wanna settle down and get a  
wife  
Take your clothes off baby, come get in this bed, come  
on now girl  
No questions asked, she right to it, giving her a juice  
and head, yeah

You're my favorite bitch, I love the way you do that shit  
Feels like you trying to put a pressure mark on my dick,  
yeah, yeah  
You're my favorite bitch, you are my favorite bitch,  
bitch,  
You're my favorite bitch, you are my favorite bitch,  
bitch,  
You're my favorite bitch, you are my favorite bitch,  
bitch,  
You're my favorite bitch, you are my favorite bitch,  
bitch,

She butt naked with her heels on,  
She know I love it like that  
Bend over on this bed, and let a nigga hit it from the  
back  
You're my favorite bitch, when it's up she gonna put it  
down  
And if it's up then me, she gonna always be around

She love so much, even let me fuck her friends  
When we get fucked up, it's a part that out of hand  
Get the kush rolled up, every joint got a twin  
Keep a nigga poled up, fuck and sip with me...  
Cause you're my favorite bitch, them other hoes ain't  
bout shit  
Them other hoes ain't go shit  
It's over now, bye, bye bitch

You're my favorite bitch, you are my favorite bitch,  
bitch,  
You're my favorite bitch, you are my favorite bitch,  
bitch,  
You're my favorite bitch, you are my favorite bitch,  
bitch,  
You're my favorite bitch, you are my favorite bitch,  
bitch,

Been down when I was shit, she keep it 100...  
Cause that's my bitch, gave me a safe place for thme  
bricks  
Even helped me hid a few...  
Been down when I was shit, she keep it 100...  
Cause that's my bitch, gave me a safe place for the  
bricks  
Even helped me hid a few... she's still my, my, my, my  
My favorite bitch, yeah  
Mmmm mmmmy,  
You're my favorite bitch, you are my favorite bitch,
