(Verse)

These bitches look darker because I'm a hustla  
Talk like pimpin, yea we serve in them cusmas  
You niggas can't touch us, kush rolled in dutches  
Diamonds and clusters, we shine and they love us  
You niggas ain't above us cuz bitch I'm a boss  
Yo bitch on my dick, tell er hop off it's soft  
I came out that mountain, gun dirt, didn't get caught  
I'm still here getting money, seen a bunch of niggas  
fell off  
On Instagram straight flexin, and filth in my section  
Free my niggas Dre and Call, thank you God for my  
blesses  
Never ever stressin, them haters comin for me  
It's only cuz I shine so hard, they can't ignore me  
My wrist watch is solid, I'm higher than a pilot  
I'm flyer than a plane, what's my motherfuckin name?  
I'll start off the chain, you gon see me in the city  
Poppin bottles, bustin bands, bunch of ballers with me

(Verse)

I got diamonds on my neck, got commas on my check  
Ice Man when you see me ho, I got a Scott Dweller Rolex  
It cost mo than yo bed, got codeine on deck

Bitch I come from Texas, that's where all the trends are  
set  
It get hotter than yo brick, check my ride, check my  
neck  
I maneuver through the traffic with respect, like a vet  
I got drink up in my cup, not from specs, this RX  
With the Xanax crushed up in my soda for a little bit  
more effect (I'm leanin)  
Please don't blow my high, I've been grindin since knee  
high  
I gotta built the knot, no tie  
Slab, ride until I die  
I pull out of that oven fresh and crispy like a pie  
They hatin and I know why, cuz respect you can't buy

(Outro)

Bitch, I come from Texas  
Bitch, I come from Texas  
Bitch, I come from Texas  
Bitch, I come from Texas  
Bitch, I come from Texas  
Bitch, I come from Texas  
Bitch, I come from Texas  
Bitch, I come from Texas
