I call shots like a boss, stack knots like a boss
Cop drops like a boss, on top like a boss
Paid Tha Cost like tha boss, when I floss like a boss
Big house like a boss, rep the north like a boss

Who the boss player? Who the dirty south boss?
Who the boss player? Who the dirty south boss?
Who the boss player? Who the dirty south boss?
Who the boss player? You see the dirty south boss

I'm Slim Thugger mother*****, tha boss of all bosses
That's right! AKA , he who the King of the North is
Wars won, no losses, who wanna compete?
With the chief of the police, who got the keys to the
streets

I'm a full time hustler, part-time rhymer
I'm having thangs Phareal, you punks ain't no Grinders
You fools just went to school and learned to use Pro
Tools?
And tried to cop you a G, lose, on the ten o'clock news

You can't survive in my shoes or afford to pay my dues
Wit your cartoon crews, you ***** destined to lose
I'm rockin' [Incomprehensible] sing crowds
And spend most of my weekends cruising above
clouds

In the West to the Southway to the East Coast
I switch time zones more than *** switch clothes
I was born to be on top, born to call shots
Born to cop drops and trick off fats knots, like a boss

I call shots like a boss, stack knots like a boss
Cop drops like a boss, on top like a boss
Paid Tha Cost like tha boss, when I floss like a boss
Big house like a boss, rep the north like a boss

Who the boss player? Who the dirty south boss?
Who the boss player? Who the dirty south boss?
Who the boss player? Who the dirty south boss?
Who the boss player? You see the dirty south boss

Call me Sarge, I'm the head ***** in charge
You see the B on the 'Nage parked in the garage?
I'm the coach, I wrote them plays for my team
Hah! I'm the mastermind behind these teams wit green

I call all the shots, provide all the knots
Supply all the ***** and sponsor all the spots
I stay on the top floor, got the executive suite
Sit in the corner chair where me and my ***** meet

Sport the Presidential Rolly, got a driver that drive
I don't open doors no more, he do it from outside
At the club, they lock off V.I.P. for me
And send bottle after bottle to my section for free

Hah! You see this rock hanging on my pinkie ring?
I'm respected in these streets, they treat me like a King
I get accepted like family, your house is my house
I guess that's why they call me, Slim Thug Tha Boss!

I call shots like a boss, stack knots like a boss
Cop drops like a boss, on top like a boss
Paid Tha Cost like tha boss, when I floss like a boss
Big house like a boss, rep the north like a boss

Who the boss player? Who the dirty south boss?
Who the boss player? Who the dirty south boss?
Who the boss player? Who the dirty south boss?
Who the boss player? You see the dirty south boss

I call shots like a boss, stack knots like a boss
Cop drops like a boss, on top like a boss
Paid Tha Cost like tha boss, when I floss like a boss
Big house like a boss, rep the north like a boss

Who the boss player? Who the dirty south boss?
Who the boss player? Who the dirty south boss?
Who the boss player? Who the dirty south boss?
Who the boss player? You see the dirty south boss
