[Intro]

Slim Thugga. Boss of all bosses.

See im a slim ass thug, white tee wife beater, and
always keep that thang on hand.
Keep the stash in my heater, an ex drug dealer.
And don't take shit from no man.

So please don't do that,
(cuz i will snap on yo ass)
Please don't do that,
(cuz i will snap on yo ass)
So please don't do that,
(cuz i will snap on yo ass)
Please don't do that,
(cuz i will snap on yo ass)

They say money bring you problems so i got a ton.
And success bring you envy so i got a gun.
I never ran fast cuz i ain't never gotta run.
If i had to put in work, that shit i got it done.
I say to myself, "Never look for trouble G, but keep the
glock cocked jus in case it find me."
A lotta haters wanna see me in the casket cuz i stay
fresh like im wrapped in plastic.
That's why i got that nine on my waistline.
And let 'em get to trippin, and imma let 'em hear the
bassline.
Shit, it's either me or them, and there's too many
people out here dependin on Slim.

See im a slim ass thug, white tee wife beater, and
always keep that thang on hand.
Keep the stash in my heater, an ex drug dealer.
And don't take shit from no man.

So please don't do that,
(cuz i will snap on yo ass)
Please don't do that,
(cuz i will snap on yo ass)

So please don't do that,
(cuz i will snap on yo ass)
Please don't do that,
(cuz i will snap on yo ass)

I've got my back to the wall, hand on my balls, me
against the world, it's just me and my hoggs.
Boss Hogg go low, rep until i'm dead.
Was raised to rush in, nigga i'm boss bred
Nuff said, so you can chill with the muggin.
Made it out the hood, but a nigga still thuggin.
Keep ya handshakes and hugs, you don't know me Cuz.
I'm tryna chill in the club you fuckin' up my buzz
I ain't impressed by the set you claim, i got killers on
call that'll wet your brain.
I'm mindin my own, respect the game, before a nigga
flippin' have to check ya man.

See im a slim ass thug, white tee wife beater, and
always keep that thang on hand.
Keep the stash in my heater, an ex drug dealer.
And don't take shit from no man.

(cuz i will snap on yo ass)
Please don't do that,
(cuz i will snap on yo ass)
So please don't do that,
(cuz i will snap on yo ass)
Please don't do that,
(cuz i will snap on yo ass)

I'm mindin' mines, playboy better mind yours before
we use your pussy ass to wipe up the floors.
Ain't no bitches or hoes 'round here, play in the night
get yo ass stoned 'round here.
We don't do the name callin' in my hood, you try to
disrespect and we gon' do ya somethin' good.
Said that, meant that, represent that.
Get yo ass fucked out for tryna' attempt that.

See im a slim ass thug, white tee wife beater, and
always keep that thang on hand.
Keep the stash in my heater, an ex drug dealer.
And don't take shit from no man.

So please don't do that,
(cuz i will snap on yo ass)
Please don't do that,
(cuz i will snap on yo ass)
So please don't do that,

(cuz i will snap on yo ass)

always keep that thang on hand.
Keep the stash in my heater, an ex drug dealer.
And don't take shit from no man.
