[Intro]

Thugga, Boss Hogg Outlawz, action
It's the motherfuckin Thug Show
Hah, hah, Geah, south fire in this bitch
Slim Thugga in this bitch

[Chorus]

Good evening, welcome to Outlawz season
I'd like to say hello, you tune in to Tha Thug Show

[Verse 1]

Thugga the throwdest nigga in the universe, cooler
than a fan is
Girls give me pussy, say i'm cooler than their man is
I beat it up without a fee, with you she hit the lottery
I'm on some G-shit, fair exchange, no robbery
Your money's my philosophy, millions with a
apostrophy
I guess it's why these HPDs and APDs watchin me
H-Town's my property, the boss, man, I gotta be
So if you land on it, pay up, like on monopoly
Your dream bitch jockin me, but I give her no play
If you ain't fuckin, keep your lips out my rosse
You rap niggas role play, I live this shit that I talk
Welcome to the thug show, star me, thug boss

[Chorus]

[Verse 2]

My whips change with the season, now could this be the
reason
Your bitch mouth on my dick like she teasin
Longest a nigga breathin, i'ma be eatin, a Hogg
appetite greedy
Trying to stack my next meal, so hurry up and feed me

Got two kids that need me, so I hustle til I pass out
Chasing up that paper, boy, like this my last route
Trying to make you feel me like i'm spittin out my last
out
I'm richer than you niggas, don't make me pull this
cash out

It ain't 'bout what you 'bout, It's more 'bout what you
say
They say you can't take it with you, but fuck it, put it in
my grave
I'm trying to get the heaven bait, cause i'm used to
living laid
And if they got the VIP, then you gon see me on stage

[Chorus]

[Verse 3]

Whole team (?) starters hustle hard and party harder
This is 'bout to go down, hope you got your tape
recorders
Catch me in the club wasted, bad bitch in my view
Take her home plus 2, you know how the Thugga do
Raw uncut, turn a pornstar with a slut
Beat it from behind, pull out and bust on a butt
Triple X rated, I know plenty people hate it
I'm still happy that a nigga made it
So we gon celebrate it, fire up that weed and get drunk
Fuckin act like we from ATL and this bitch get crunk
It's H-Town, still now, so Texas where the love go
I'm what you been lookin for, stay tuned for Tha Thug
Show

[Chorus x2]
