Intro]

You're all a bunch of fuckin' assholes

You know why?

You don't have the guts to be what you wanna be

You need people like me

You need people like me so you can point your fuckin' fingers

And say "That's the bad guy"

So say good night to the bad guy

Go on

Last time you gonna see a bad guy like this again

[Puff] To be or not to be

[Mase] My mother's wrong

[Puff] That's the question, you feel me?

[Mase] My father was wrong

[Puff] They say I'm wrong

So they say

[Mase] So they say

[Puff] Ha ha, come on

It's like this right here

[Mase] To all my niggas, check this out

1 - [Lil' Kim]

It's that, gangsta gangsta, gangsta shit

It's that, gangsta gangsta, gangsta shit

It's that, gangsta gangsta, gangsta shit

It's that, gangsta gangsta, gangsta shit

It's that, gangsta gangsta, gangsta shit

It's that, gangsta gangsta, gangsta shit

It's that, gangsta gangsta, gangsta shit

It's that, gangsta gangsta, gangsta shit

[Puffy]

Ain't another crew like us

That could do like us

See the world from a view like us

Still always come through like us

They ain't true like us

If they only knew like us

It's less than a small few like us

And they ain't pay dues like us

Never on P's and Q's like us

They don't move like us

They don't have the right to choose like us

Or get mad cause they ain't grew like us

They ain't on cue like us

They don't fit the shoe like us

Don't know who's who like us (who dat?)

Strangers, ain't aware of the danger

They head's up wit thoroughbred cats
That knock 'em back, they get the axe
And a hard case to crack
I'm a hard face to track
Fast as they can test us
We flip 'em on they backs, like that
The many men that make us great must stay together
Cause together, we're hard to break
Repeat 1

[Mark Curry]

Look out mutha fucka
I tried to warn 'em
You don't wanna double cross us
Haven't you heard how many guy they lost with us
You don't wanna floss with us
Cause shit cost with us
Ain't nobody boss but us
We got force wit us, of course it's us
It's no being better off than us
And ain't a hotter source than us
And these streets ain't divorcing us
We ain't got no remorse in us
Know to hold your horse with us
No cuttin' shorts with us
Here to stay, no abortin us, no extortin' us

Between us we got the mic domain and artillery

Therefore, it's all free reign, who's domain

When shots ring, who remains, they refrain

Who walks away with the gain

Us

Thorough niggas that's hard to top

Together we're too hard to stop

Repeat 1

[Lil' Kim]

Ain't a bitch like me that can spit like me

Who could say they rich like me

They don't hold the four fifth like me

Ain't a hit like me

Nobody load the clip like me

Cut coke and flip like me

Make hit after hit like me

Wear the title Queen Bitch like me

Ya'll ain't good in bed like me

And ya'll don't give head like me

Plus your crew don't break bread like me

Think about it, this a one shot deal

Ya'll got one shot still

When my gunshot peel, that's a one shot kill

I'm so far ahead ya'll can't touch my land spread

Cause most of ya'll is misled and underfed

Hey, what can I say, I'm a little vain

Now all aboard if you ridin' my train

Choo chooo, throw it up and represent your gang

Whether you from the east side (East side)

Or the west side (West Side)

Worldwide

Repeat 1
