Feel like I've lost control
When will the truth be told
Slipping on the lies you gave me
While the world is suffocating

You are a waste of life
So stop pretending
You've wasted all of my time

You are a waste of life
So stop pretending
You've wasted all of my time

I've been searching
For the answers
When will the truth be told
So many questions go unanswered
While the world is suffocating

You can't save me
There was only you
You can't save me
This burden buries me
You can't save me
The dim lit vacancy
You can't save me
I am so empty

Wrapped around
Wrapped around
Wrapped around
Wrapped around

Bring it back
Make it mine
It's all I have
It's all I am

You are a waste of life
So stop pretending
You've wasted all of my time

You are a waste of life
So stop pretending
You've wasted all of my time

You can't save me
There was only you
You can't save me
This burden buries me
You can't save me
The dim lit vacancy
You can't save me
I am so empty

I'm not the one that walked away
I'm not the one that walked away
I'm not the one that walked away
With no one to guide me
