As chapter one begins  
There sits a woman and a boy  
The quiet girl begins to speak  
Of a life she hopes to have  
Life's surprises aren't always best  
Let's put ourselves to the test

Couldn't awake for just a moment  
The heartless controls your pain  
Why do you wait for consoling eyes  
While life grows inside

As chapter two begins  
The woman begins to lose her voice  
Life's surprises aren't always best  
Let's put ourselves to the test

Couldn't awake for just a moment  
The heartless controls your pain  
Why do you wait for consoling eyes  
While life grows inside

Running away, so long  
Running away, so long

So many regrets (Regrets! )  
So why did she stay  
So many regrets (Regrets! )  
Could have found a way

So many regrets (Regrets! )  
So why did she stay  
So many regrets (Regrets! )  
Could have found a way

Should I beg, should I speak  
Should I love, should I keep  
We could try to find away  
Why is it always your way  
All the pain, all the guilt  
Your own blood, that you spilled

Should I leave, should I grieve  
Why is it always your way  
Should I bend, should I fold  
Lost my strength truth be told  
Time is up, now it's dead  
Could've found a way

It's okay, you got your way  
It's okay  
It's okay  
It's okay, you got your way
