You can take the train home
You can get here so fast
God I'm a witness to this awkward romance
Just so you know
That I'll stand around
While you take the fast lane
Laugh at me without shame
God your a fine dame
Just so you know that I'll stick around

Every time you get into my head
Every time you crawl right into my bed
Are we dreaming up another lie

Don't tell me that
You're so far away
Am I supposed to think
I'll see you someday
Get your head straight
Cause I believe in fate
And I'm close to the edge
But I'll see you again
I'll see you again (2x)

Girl you got me so wrong
Listen as I write this song
Hanging on my every word
Even when it sounds absurd
Riding in the backseat
Hoping that you'll sing to me
Girl you got the best lips
Tender every time we kiss
My hands around your hips
Waiting for a quick fix
Are we dreaming up another lie

Don't tell me that
Your so far away
Am I supposed to think
I'll see you someday
Get your head straight

Cause I believe in fate
And I'm close to the edge
But I'll see you again
I'll see you again (2x)
