My heart is so broken but it still is yours
My head is so tired of all our wars
I don't feel like fighting it anymore
Can we be what we were before?

Take my hand boy
Lead me to the dance floor
Let's reminisce
About the things we miss
Take me out show me I'm the one
I don't wanna dance dance alone.

I don't want to dance dance alone
Or think about how things gone so wrong
Just hold me in your arms thru this song
And never let me dance dance alone

I don't wanna dance
I don't wanna dance
I don't wanna dance
Dance alone
x2

My days are all filled up with what to do
To keep my brain busy not thinking about you
My nights with clips from a movie scene
Our break up is on the screen.

Take my hand boy
Lead me to the dance floor
Let's reminisce
About the things we miss
Take me out show me I'm the one
I don't wanna dance dance alone.

I don't want to dance dance alone

Or think about how things gone so wrong
Just hold me in your arms thru this song
And never let me dance dance alone

Take my hand erase the pain
And show me your love once again
Take my hand erase the pain
And show me your love once and again

I don't want to dance dance alone
Or think about how things gone so wrong
Just hold me in your arms thru this song
And never let me dance dance alone

I don't wanna dance
I don't wanna dance
I don't wanna dance
Dance alone
x2
