Sun went down  
You told me I was yours forever  
You and I We were meant to be

I took your hand  
And traveled to the moon and back  
Ever since Forever you and me

I could fly I never will forget that night  
In my heart I knew that it would never die

I, I, I  
Look at you, you, you  
I look into your eyes  
Remembering the Summer  
Nigh, -igh, -ights  
Oh it's gone, gone, gone  
I look into your eyes  
Remembering the Summer nights

Just one kiss  
I wanted it to never end  
That one kiss It took my breath away

All I knew  
Was that I will never be apart from  
Me and you Not in any way
