There's a place where the angels sing  
And the grass is cut and everything  
There's a place where the sun always shines  
There's no waiting in line  
Then there's Bingo City hey hey hey

Bingo City where the grass is cut  
Summer is my favorite month  
Sometimes on Sunday I forget to shave  
I forget to shave ha ha ha  
Bingo City is my favorite state

Sometimes I like to pretend that  
I come from Bingo City  
And sometimes I don't  
I really don't

So come on, come on, come on let's play a little bingo  
At Bingo City

We got tuxedo's and tattoo's for the occasion  
Just drive on down the road  
It's time for your operation

Then there's Bingo City  
Sometimes I like to pretend that  
I come from Bingo City  
And sometimes I don't

How come the priest always wins whenever we play
