I know what you're thinking when I'm knocking on your door
And I know 'cause I've done it a million times before
This time something different's on my mind
I stopped by 'cause I gotta let you know

Each time that we talk or go out driving in my car
My mind clouds and I feel a sudden swelling in my heart
It sucks, for sure, I can't take it anymore
That's why I'm pounding on your door

'Cause I can't wait to go out tonight
And I can't wait to see you tonight
I just wanna make out tonight
But you just wanna be friends
You just wanna be friends
Oh you just wanna be friends
And that sucks
