You got me in trouble
So much trouble, now!
You got me in trouble
I'm in so much trouble, now!

When you came through (?)
Playing bass for Challenger
Why'd you have to look so good?

I watch (?)
I watch you paint it black
I hoped to God that you'd look back,
But instead you fucking walked away

I can't believe I did hesitate
Even though my girlfriend and I were on a break
I can't believe
I opened my mouth and she began to shout
She didn't stop
She kept shouting and shouting and shouting and
shouting

Oh god I'm such a dick.
