These songs are all about you,  
And I'm tellin' everyone I'm doin' fine without you.  
I've hurt you but I helped you.  
You may think I've a lot of nerve, But I deserve,  
Some credit...  
Or at least an edit..  
Take out the part that breaks my heart,  
that makes me sound uncaring.  
If you'd eliminate the swearing  
then I could show my mother  
that you can go from one chord to another,  
G...will turn to D... You'll turn to me...  
And you'll say, you have done me wrong,  
I wrote these songs about it.  
She's aware it's all been done before.  
It's another song in this key,  
Yeah but this one's about me.  
That all the validity she needs.  
Her criticism's brutal,  
But I don't really mind.  
She's put it out on Vinyl,  
But it's pretty hard to find,  
But you'll hear...  
G will turn to D... you'll turn to me...  
and you'll say, You have done me wrong.  
I wrote these songs about it  
I wish I'd never taught her, how to play  
I knew she'd get Me I should have known,  
Now her hands are on the fretboard in an unfamiliar  
way,  
And it's tellin' me...  
She's aware it's all been done before.  
It's another song in this key,  
Yeah but this one's about me.  
I May not wanna hear the words to  
G..when put with D..  
But if you Take what you're shown,  
Learn on your own,  
Then everything you do...  
Belongs to you,  
But know that you, Are on your own... (repeat, fade out)
