She came running
I hate everything that came before me
Crushed
I'm breaking under the crush
Don't ignore me
Cause you know I can always make it louder
Three
Three is nothing out of ten
chorus
But you've got a thing for me
I can feel it
I can feel it
And I've got a thing for you too
You can have it
You can have it
I've been running
Just to get way from what's inside me
rush
I'm drowning under the rush
Happy birthday
to the best brotehr in the world
Hooray
At least I'm cool still to one girl
chorus
You've got a thing for me
I can feel it

I can feel it
And I've got a thing for you too
You can have it
You can hae it
You've got a thing for me
I can feel it
I can feel it
And I've got a thing for you too
You can have it
You can have it
No strings atached
No copy to match
No drift to catch
No plans to hatch
No itch to scratch

Just infatuation is all you need
You could sell a million lies
And I'd think they were true
Trust
That's y trust in you
It's what I value
And it's what I refuse to lose
You've got a thing for me
and I've got a thing for you too.
