We're in the world  
I'm gonna get it together  
Telling the girl  
I'm gonna make it all better  
But I don't know how I'm going to  
'Cause I don't know what she's going through  
But I know that she is the thing for me  
'Cause she means what she says  
And she says what she means  
What is the word?  
It's like you don't even know me  
Haven't you heard?  
This sort of thing is below me  
But I don't know what I'll stoop to  
Have you got another jump I can hoop through?  
Now I don't know that she is meant for me  
'Cause she means what she says  
And she says what she means  
When she says I'm mean  
Does she mean what she says?  
And she says what she means  
And she means what she says  
And she says what she means  
And she means what she says  
Whenever you want me  
Whenever you need me  
I know that you're angry  
You know that I'm sorry  
But this situation  
Has come back to haunt me  
Whenever you need me  
Whenever you want me  
Whenever you want me  
Whenever you need me  
Whenever you want me  
Whenever you need me  
Whenever you want me
