Hey
You shed your reputation
Now
Deny your compensation
So put your pardon in me
It pays
To tell me I'm forgiven
Praise
The standard stop you're living
Don't worry that anyone won't want you to
Cause nobody likes a quitter
I need a restore
Or ways to get even
If I'm gonna keep track of him
I'll need to restore
For a number of reasons
While I'm turning my back on them
Suppose they close the door
Suppose they close it for good
Don't worry that anyone won't want you to
Eye for an eye
Is no way to get even
When you think that there is well
You can be forgiven
I will not forget
There are times I wonder why that you should forgive
I fantasize that you can hit them right where they live
Don't worry that anyone won't want you to
Cause nobody knows I
Need to restore
For the ways to get even
If I'm gonna get back at them
I'll make a restore
If you made it I'm teasing
But it's hard to keep track when you're watching your
back but
I gotta get back at them
Suppose they close the door
Suppose they close it for good
Gonna put you on and on and on and on and on
Gonna put you on and on and on and on and on
Gonna put you on and on and on and on and on
